- A. Fiscal Updates from Ed Tec (Guests: Brian Holmes)

Overall operating income looks good, the May revise has some good news, but we are still waiting final State budget. we are not yet counting UPK, ELO-P, Community School, possibly ASES funding will help supplement, but we are figuring on the conservative side of running the school on general fund.

 [SVA-CalSavers.pdf](#)

This is a new retirement saving plan that is mandatory for all CA businesses, but our lawyers are trying to determine if we are exempt as a public agency, we have gotten conflicting answers, so we are still looking for more clarity. Melissa shared that some employees have asked for saving plans, and the Board agreed we would like to see a proposal for what the cost to us would be to implement a retirement or other savings plans for our employees.

XIV. Food Service Contracts and Operations

A. Review and Possible Approval of Walk-in Refrigerator

 [SVA\\_WalkIn.pdf](#)

The total cost came in higher than expected. We did receive the kitchen grant funds this is \$25,000 plus \$7800 from our block parties (which is earmarked from our farm to school program). We are still short about \$8000 that would need to come from general funds.

The CDE has given us approval to move forward with one bid, since we did receive any other bids we just need to follow our procurement policy

**Motion:**

Approve the proposal for the walk-in fridge, pending confirmation that the procurement policy can be ratified at our next meeting

Motion moved by Melea and motion seconded by Sonny Elliott. passed with 3 ayes 2 absent

To continue meeting via teleconference, we are proposing the following resolution to acknowledge that there is a continuing state of emergency related to Covid-19 transmission, and that meeting in person would cause an undue burden (risk of transmission) on our community.
